Model HQF-220 — technical data			
Body	Material	Anodised aluminium	Measured without the mounting plate.
	Mass	1.84 kg	
	Finish	Matt black, bead blasted	
	Sealing	IP65	
Optics	Focal length	24 to 70 mm	Figures hold across the whole of the zoom range.
	Widest aperture	f/2.8	
	Coating	Multi-layer, both faces	
Mounting	Thread	M6, four points	Plate sold with the instrument.
	Plate	Quick release	
Power	Supply	12 V DC	Twelve volts, from the adapter supplied or from any regulated bench supply. The instrument draws its full current for the first two seconds after it is switched on, so a supply rated at the working figure alone will trip.
	Draw	9 W at full output
