Statement of account, May 2026

This record claims the fourth part of the archival standard at the level that carries files. The part it is built on takes a file of any kind, whatever the file itself conforms to, so the same record answers a person and a program. The lines below are carried inside the file as well, in the form a machine reads.

Carriage	1 240.00
Handling	186.50
Due	1 426.50
